ROUND THE CORNER GATE

PERFECT FOR LIMITED AREAS

The aluminium round-the-corner gate is the ideal solution: It makes life easier for installers working in confined areas. No more struggling with insufficient return widths or driveways that are too short! Its appeal is further enhanced by its two possible configurations: small and large spandrels (see image).

1 & 2- PONT-AVEN : Swing round the corner gate - Small spandrel - Deep black 9005.
